DETAILED ACTION

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after allowance or after an Office action under *Ex Parte Quayle*, 25 USPQ 74, 453 O.G. 213 (Comm'r Pat. 1935). Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, prosecution in this application has been reopened pursuant to 37 CFR 1.114. Applicant's submission filed on 03/30/2010 has been entered.
2. Claims 1-4, 6, 8-20, 23 and 25-29 are pending.

Information Disclosure Statement

3. The information disclosure statement (IDS) submitted on 03/30/2010 is in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement is being considered by the examiner.

Claim Rejections - 35 USC § 101

4. 35 U.S.C. 101 reads as follows:

Whoever invents or discovers any new and useful process, machine, manufacture, or composition of matter, or any new and useful improvement thereof, may obtain a patent therefor, subject to the conditions and requirements of this title.

5. Claims 1-4, 6, 8-11, 13-20, 23 and 25-29 are rejected under 35 U.S.C. 101 because the claimed invention is directed to non-statutory subject matter.

Claims 1-4, 6, 8, 9, 13-20, 23 and 25-29 relate to methods for validating credentials; the claims do not require these methods to be implemented by a particular

Art Unit: 2437

machine. For example, the steps of each of these methods could reasonably interpreted to be performed by a person or people and therefore do not require a particular machine. Furthermore, they do not transform a particular article. Therefore, these claims are directed to non-statutory subject matter. It is recommended to amend the claims to require the steps be performed by a particular hardware machine.

Claims 10 and 11 relate to code stored on a computer-readable medium. Based on the guidance provided by the Official Gazette regarding Subject Matter Eligibility of Computer Readable Media (1351 OG 212), these claims include non-statutory subject matter. It is recommended to amend the "computer-readable medium" to "non-transitory computer-readable medium" to overcome this rejection.

Allowable Subject Matter

6. Claim 12 is allowed.
7. Claims 1-4, 6, 8-11, 13-20, 23 and 25-29 are allowable over the prior art and would be allowed if the rejections under 35 USC 101 are overcome.
8. Reasons for indicating allowable subject matter were provided in the action mailed 12/30/2009 and are not repeated here within.
